Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

Applicants hereby petition under 37 C.F.R. § 1.181(a) to withdraw a holding of abandonment in the above referenced application. In a "Notice of Abandonment" mailed September 9, 2004, it was alleged that Applicants failed to timely file a proper response to an Office Action mailed on January 26, 2004. However, Applicants contend that the January 26, 2004 Office Action was never received.

According to the MPEP, if an applicant can adequately prove non-receipt of an Office Action, the Office may grant a petition to withdraw a holding of abandonment, and remail the Office Action. See MPEP § 711.03(c) citing *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1791). The MPEP sets forth the requirements for establishing non-receipt of an Office Action, which Applicants have fulfilled by the statements below and supporting documents enclosed herewith.

I, Kelly L. Quast, registered agent for Deltagen, Inc., hereby declare that a thorough search of the file jacket and docket record was made. I hereby state that no Office Action mailed on or about January 26, 2004 in connection with the above- referenced application was received, entered into the docketing system, or recovered in the file jacket of the above referenced application after the search. In support of these statements, submitted concurrently herewith is a copy of the docket

report for the above referenced application (Deltagen Inc. case number DGEN-0615). In this docket report, no reference is made to any Office Action mailed by the Patent Office on or around January 26, 2004. Also attached herewith is a copy of a docket report for all Deltagen Inc. cases for the time period from January 26, 2004 through July 26, 2004, which does not indicate any actions due for the above referenced case on the dates which fall one, two or three months from the mailing date of the Office Action in question. In fact, the enclosed docket report fails to reference any responses due in connection with the above referenced application. The most recent Office Action entered into the docket record was a three (3) month Office Action mailed July 15, 2003, to which Applicants responded on October 15, 2003.

Applicants submit that the requirements set forth in MPEP § 711.03(c) for petition under 37 C.F.R. § 1.181(a) have been met, and Applicants have supplied the statements and proof required to establish non-receipt of the above referenced Office Action. Therefore, Applicants respectfully request withdrawal of the holding of abandonment.

Applicants note that in July 2004, Applicants' mailing address changed. Applicants believed that the mailing address in connection with all applications filed by Deltagen, Inc. had been properly updated after their move. However, in some applications the address was not correctly changed. As a result, other applications associated with Deltagen Inc. may have outstanding Office Actions that were not received. To determine the appropriate action to take to rectify this situation, Deltagen, Inc. representatives recently communicated with supervisor Amy Nelson at phone number (571) 272-0804, who has suggested that we submit this petition under 37 C.F.R. § 1.181(a).

It is believed that no fees are due in connection with the instant petition. However, the Commissioner is hereby authorized to deduct any fees, including a petition fee should it be deemed required, from the above-noted Deposit Account under Order No. R-615.

Respectfully submitted,

Kelly L. Quast Reg. No. 52,141
